

AsiaBill Credit/Debit Card Payment Method Update Process

- Deactivate the original AsiaBill credit/debit card payment method

1. If you have installed AsiaBill's original credit/debit card payment method, you must first deactivate it. Go to the "Payments" tab of your Shopify dashboard, then click "Manage" for the Asiabill section.

2. Click "Deactivate Asiabill" in the pop-up Asiabill payment management settings.

1. Click "Add app".

The screenshot shows the Shopify App Store page for the AsiaBill Payments app. The browser address bar displays <https://apps.shopify.com/asiabill-payments>. The page header includes the Shopify App Store logo, navigation links for "Apps by goal" and "Browse all apps", a search bar, and "Log in" and "Sign up" buttons. The main content area features the app's title "Asiabill Payments" by "Asiabill Company Limited", a description "Accept all types of payment methods for your store.", a star rating of "No reviews", and a "Free" price tag. A green "Add app" button is highlighted with a red rectangle. To the right, a large graphic illustrates the app's capabilities, showing the AsiaBill logo, a smartphone displaying a red dress, and various payment methods including Alipay, WeChat Pay, Klarna, and a Visa credit card. The text "Your one-stop payment solution" is displayed below the graphic. Below the main content, three key features are listed: "High transaction success rate" (improving success with smart routing), "Strong protection" (preventing fraud and chargebacks), and "Dedicated merchant support" (24/7 customer support). At the bottom, a green banner prompts users without a Shopify store to "Start your free trial".

The page features a dark green background with a large, abstract graphic on the right side composed of overlapping teal, yellow, and orange shapes. In the center-left, there is a white rectangular login form. At the top of this form is the Shopify logo. Below the logo, the text "Log in" is displayed in a bold font, followed by "Continue to Shopify" in a smaller font. The form contains a blurred email address field with a "Change email" link to its right, and a password field with a toggle icon. A prominent green "Log in" button is positioned below the password field. At the bottom of the form, there is a "Forgot password?" link and three smaller links: "Help", "Privacy", and "Terms".

3. After logging in, you will be redirected to the App installation page. Click "Install app" to confirm the installation.

The screenshot shows the Shopify Admin interface with a sidebar on the left containing navigation links: Home, Orders (148), Products, Customers, Analytics, Marketing, Discounts, Apps, Sales channels (+), Online Store (🔗), Buy Button, and Point of Sale. At the bottom of the sidebar is a Settings gear icon. The main content area is titled "Install" and features a "Cancel" link and a green "Install app" button (highlighted with a red rectangle). The app being installed is "Asiabill Payments" by Asiabill Company Limited. A diagram shows the app icon (a green square with a white 'S') connected by a dashed line to the Asiabill logo (a blue square with "Asiabill" in white). Below this, a grey box states "This app needs to" followed by two permissions: "Access store information" (with a shield icon) and "Edit store information" (with a lock icon). A paragraph of text states: "You're agreeing to share personal information with this app. View the [developer's privacy policy](#) before installing." Another paragraph states: "Deleting this app from your store will remove its access, and request the removal of customer information if it was collected. Learn more about [data privacy](#)." A link at the bottom of this section says "Contact [Asiabill Company Limited](#) for support". Below this is a section titled "PRIVACY DETAILS" with the heading "What this app can access in your store". Underneath is a section titled "Store owner information" which is divided into two columns: "CONTACT INFORMATION" (listing Name, Email address, and Phone number) and "LOCATION" (listing Physical address). The next section is titled "PERMISSION DETAILS" with the heading "What this app can do in your store". The final section is titled "EDIT OTHER DATA" and states "This includes: payment gateways and payment sessions."

4. After clicking “Install app”, you will be redirected to the AsiaBill Payments App authorisation page. Follow the prompts to fill in your Gateway ID and Shopify Key, then click "Continue".

Note: Please log in to the AsiaBill merchant dashboard to retrieve your Gateway ID and Shopify Key under the "Developers" - "API Keys" tab.

For further assistance, please contact the AsiaBill customer service team.

5. After successful authorisation, you will be redirected to the “Payments” tab in your Shopify dashboard. Check the boxes for the card brands that you wish to display to shoppers at the checkout page, then click "Activate Asiabill" to confirm your settings.

Note: “Test mode” requires a dedicated TEST Gateway ID and key, please **do not** check the box for “Enable test mode”.

The screenshot shows the Shopify 'Settings' page with the 'Payments' tab selected. On the left is a sidebar menu with options: Billing, Users and permissions, Payments (highlighted), Checkout, Shipping and delivery, Taxes and duties, Locations, Gift cards, Markets, Sales channels, Domains, Notifications, Metafields, Files, Languages, and Policies. The main content area is titled 'You are connected to Asiabill as abtest004. Activate your account to start accepting payments.' Below this, it states 'Asiabill captures payment for orders automatically. This cannot be changed in your payment capture settings.' There are two buttons: 'Contact Asiabill' and 'Manage'. A list of card brands follows, each with a checkbox and a logo: Visa (checked), Mastercard (checked), Maestro (unchecked), JCB (checked), American Express (checked), Diners Club (checked), Discover (checked), Union Pay (unchecked), and Visa Electron (unchecked). Below the card brands is a 'Test mode' section with the text 'Test your Asiabill setup by simulating successful and failed transactions.' and a checkbox for 'Enable test mode' which is unchecked and highlighted with a red box. At the bottom, there are two buttons: 'Uninstall Asiabill' (red) and 'Activate Asiabill' (green), with the latter highlighted by a red box.
